

## **Transition Capital Partners Acquires Alta Home Care, Inc.**

---

Transition Capital Partners (“TCP”), a Dallas-based private equity firm, is pleased to announce the acquisition of Alta Home Care ([www.altahomecare.com](http://www.altahomecare.com)). Financing was provided by Bush O’Donnell Capital Partners.

Alta Home Care is one of the largest providers of non-medical home care in the state of California. The Company offers both live-in and hourly companion care to the elderly, disabled, and veteran populations. At the date of acquisition by Transition Capital Partners (November 1<sup>st</sup>, 2010), Alta provides services in both Orange and Riverside Counties.

Rick Baldwin, Managing Director of TCP, is enthusiastic about the growth opportunities for Alta in southern California. “We have assembled a highly energized world class management team to accelerate the growth of Alta and bring high quality home-based care to the ever growing private duty market. Given the uncertainty that exists today with government supported programs like Medicare, we chose Alta specifically because of its focus in the private duty segment. In addition, the private pay market is growing exponentially across the country due to the aging elderly population. And Alta, as a platform acquisition, is uniquely positioned to take advantage of these demographic trends.”

### **About Transition Capital Partners**

Transition Capital Partners (“TCP”) is a 17 year old Dallas-based private equity firm investing in leveraged recapitalizations and management buyouts of well-managed, entrepreneurial, lower middle market service oriented businesses. TCP is particularly successful investing in high growth companies where additional management and strategic resources are required by the existing ownership group. We typically provide the entrepreneur an opportunity to gain liquidity, while maintaining a significant stake in the business for future upside, and if desired, a reduced management role.
